MEMO CODE: TA 01-2011

SUBJECT: Exemptions Under the Competitive Food Services Regulation

TO: Regional Directors
Child Nutrition Programs
All Regions

State Directors
Child Nutrition Programs
All States

This is to inform you of recent changes to the list of exemptions under the Competitive Food Services Regulation. The format of the exemption list has changed. Companies that have an exemption are now listed alphabetically and we have added a column to include the products portion size. It is important to remember that **the exemption of one product does not mean that similar products or a family of products are exempted unless specifically stated in an exemption letter and/or included on the exemption list. Products that have an exemption should match the ingredient statement and portion size that is included on this list.**

Two new companies have been added to the list of exemptions under the Competitive Food Services Regulation, eleven new products have been added, fourteen previously exempted products have been reformulated, two products have updated their allergen statement, two companies have changed their name, twenty products have been removed and two companies have been removed from the exemption list.

NEW COMPANIES

Sconza Candy Company has added Sconza Gummy Bears 1.0 oz to the list of products exempted from the jellies and gums category of "foods of minimal nutritional value" as defined in 7 CFR Part 210.11(a)(2) and Part 220.2 (i-1). Nestle USA has added Juicy Juice Sparkling Berry, Sparkling Apple and Sparkling Orange to the list of products exempted from the "soda water" category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(1) and Part 220 Appendix B (1)].

NEW PRODUCTS

The Switch Beverage Company has added Sparkling 100% Juice Lemon Lime, Red Toe Soda LLC has added Orange Wave, Citrus Rush and Wild Berry carbonated beverages, and Skylar Haley has added Essn Sparkling Juice Blood Orange and Cranberry and Essn Sparkling Juice Minneola Tangerine carbonated beverages to the

list of products exempted from the "soda water" category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(1) and Part 220 Appendix B (1)]. Albanese Confectionary Group, Inc., has added A+ Gummi Bears to the list of products exempted from the "jellies and gums" section of the Certain Candies category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(4)(ii) and Part 220 Appendix B (4)(b)].

REFORMULATIONS

General Mills has reformulated Special Edition Scooby Doo™ and Sunkist™ Fruit Flavored Snacks and Special Edition Crazy Colors® Fruit Roll-Ups® from their currently exempted products and has replaced Special Edition Screamin' Green Hot Color Fruit Roll-Up®, Electric Yellow Hot Color Fruit Roll-Up®, Sizzling Red Hot Color Fruit Roll-Up®, and Blazin' Blue Hot Color Fruit Roll-Up® with Special Edition Blastin' Berry Hot Colors® Fruit Roll-Ups®. 4u2u Brands has reformulated Fruit 66 Fruit Punch, Kiwi Stawberry, Orange Tangerine and Apple Berry carbonated juice beverages from their list of currently exempted products and The Switch Beverage Company has also reformulated The Switch Black Cherry, Orange Tangerine, Watermelon Strawberry, Kiwi Berry, Fruit Punch and Grape carbonated juice beverages from their list of currently exempted products.

ALLERGEN STATEMENT UPDATES

The Switch Beverage Company has updated their allergen statement for their previously exempted Orange Tangerine beverage. They have omitted the statement "contains soy" at the end of their ingredient list because that allergen was never present in the product formulation.

COMPANY NAME CHANGES AND ALLERGEN STATEMENT UPDATES

BIOFREE-USA has changed its company name to FIZZA, LLC. Their list of currently exempted products remains the same, FIZZA® Orange Crème, FIZZA® Blue Ridge Cola and Apple FIZZA®. Brach's Confections, Inc. has been sold and is now being produced by Farley's & Sathers Candy Company, Inc. They have removed Hi-C® Fruit snacks, Froot Loops Fruit Snacks, Clifford, the Big Red Dog™ Fruit Snacks from the exemption list. They are continuing to produce ORCHARD FRUIT® Fruit Snacks, which currently have an exemption. They have replaced the "™" symbol in the name of this product with the "®" symbol and have updated the ingredient statement to remove the allergen statement because it was no longer accurate.

PRODUCTS REMOVED

Albanese Confectionary Group, Inc. has removed A+ Gummies and General Mills has removed Fruit Gushers Strawberry Punch, Fruit Roll-ups Tropical Cherry, Fruit Roll-ups Strawberry Punch and Pokemon Rolls Punch Red from the list of products exempted from the "jellies and gums" section of the Certain Candies category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(4)(ii) and Part 220 Appendix B (4)(b)]. Switch Beverage Company has removed Apricot Peach, Peach Apricot and Orange Mango 100% Juice Carbonated from the list of products exempted from the "soda water" category

of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(1) and Part 220 Appendix B (1)].

COMPANIES REMOVED AND PRODUCTS REMOVED

Eastside Beverage Company and its line of Sparkling Spring Water Fruit Beverages including Orange Passion Fruit Refresher, Red Raspberry Refresher, Strawberry Kiwi Refresher, Wild Blackberry Refresher, and Pink Grapefruit Refresher have been removed. Volunteer Marketing Inc. and its line of FIZZ Sparkling Fruit Juice Beverages including FIZZ Island Blast, FIZZ Black Cherry, FIZZ Concord Grape, and FIZZ Tangerine Dream have also been removed from the list of products exempted from the "soda water" category of "foods of minimal nutritional value" [7 CFR Part 210 Appendix B (a)(1) and Part 220 Appendix B (1)].

The exemption of the products listed above means that they are no longer considered foods of minimal nutritional value and can therefore be sold in competition to the reimbursable meal during the meal period in a school food service area. **The exemption of these products does not mean that these products are approved or endorsed by the Food and Nutrition Service. Nor does an exemption indicate that these products have significant nutritional value.** An exemption from this list is **not an approval** for these exempted products to be used in the National School Lunch Program (NSLP). In addition, the exemptions should not be perceived as guidance or encouragement to State agencies and school food authorities concerning their possible purchase.

Exempted products do not fit the typical and customary function of meal components and should not be served as part of the reimbursable meal. Please be aware that marketing materials for products included on this list may provide information regarding fruit servings or serving sizes. This information is not applicable to the reimbursable meal. Products on this attached list cannot be used to satisfy any component of the reimbursable meal. Should you receive information regarding fruit servings or serving sizes, please disregard this information. Products on the attached list are to be sold in the a la carte section of the cafeteria and not the reimbursable meal line.

Please be aware that we continually remind companies that have products on this exemption list that the only marketing language permitted for these products for both print and electronic product literature is as follows: "Exempt from the "jellies and gums" section of the Certain Candies category of "Foods of Minimal Nutritional Value" or "Exempt from the "soda water" category of "Foods of Minimal Nutritional Value". USDA symbols or logos are intended for the official use of the USDA only and must not be used for product marketing materials or websites. The USDA symbol or logo may not be used by anyone outside of USDA without permission. Modified logos that have the appearance of an

endorsement made by USDA are also not permitted. Logos are expressly excluded from use to imply endorsement of a commercial product or service.

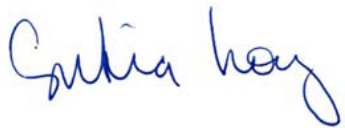

It is important to note that some of these products are manufactured outside of the United States. The exemption of these products does not exclude them from the Buy American Provision. When school foodservice funds are used to acquire foods, schools and institutions must ensure that the items procured are in compliance with the Buy American regulatory provision. Procurement requirements defined by 7 CFR Part 210.21 (d) indicate that schools and institutions participating in the National School Lunch Program located in the contiguous United States are required by law to use school food service funds, to the maximum extent practicable, to buy domestic commodities or products for meals served under this program. A domestic commodity or product is defined as an agricultural commodity that is produced in the United States **and** a food product that is processed in the United States substantially using agricultural commodities that are produced in the United States.

As always, please be aware that several companies with exempted foods produce similar products that are not exempted and are therefore still considered foods of minimal nutritional value. **The exemption of one product does not mean that similar products or a family of products are exempted unless specifically stated in an exemption letter and/or included on the exemption list.**

The ingredient statement of each exempted food is included in the attached exemption list. This should allow schools to differentiate between exempted products and similar non-exempted products.

If there are any questions about the exemption list or the new additions made to the list, please contact my staff at (703) 305-2609.

Sincerely,

Cynthia Long
Director
Child Nutrition Division
