Module I – Enrollment Information

Purpose of this Module

- Understand relationship between district enrollments and pre-id files in the Illinois State Board of Education's Student Information System (SIS) and Pearson's Assessment Network.

- Understand how these student enrollment numbers affect IAA and ISAT testing material orders.

Module I – Enrollment Information

IMPORTANT DATES

- **The ISBE deadline to upload initial 2013-14 enrollments in SIS was Thursday, October 17, 2013.**

- **The ISBE deadline for updating the Pre-ID file in SIS for the 2014 ISAT and IAA assessments is January 3, 2014.**

Module I – Enrollment Information

- ***Home School Districts*** **are responsible for entering and uploading their district's 2013-14 school year ENROLLMENTS and PRE-ID information to ISBE through via IWAS/SIS.**

  > *NOTE: Districts should continue to enroll and exit students in SIS throughout the school year as students enter and leave the district even after the enrollment and pre-id deadlines.*

- ***Serving School Districts*** **who are not the home district should confirm within SIS and/or communicate with their student's home district to ensure their enrollment information and testing information has been uploaded correctly.**

Module I – Enrollment Information

Enrollment File and Pre-ID file Information

- Information that is uploaded by the Home District for student enrollments includes Home School and Serving School RCDTS codes for the October enrollment file and Home, Serving and Testing RCDTS codes for the January Pre-ID file.

- As students are enrolled, information is automatically populated in the Pre-ID file.

- Districts must make any necessary changes in the Pre-ID file prior to the January deadline to ensure accurate testing information is provided to Pearson.
