Example Assessment
Instrumental Performance

This is an example classroom assessment created by Illinois educators as part of the Illinois State Board of Education (ISBE) Local Assessment Support (LAS) Project. ISBE encourages educators to modify example assessments to meet the needs of their individual educational context. Please note that the authors have provided suggestions for grade level use, applicable standards, data use, as well as possible accommodations, modifications, or alternative assessments. These suggestions are not inclusive of all possible uses and applications of this assessment.

This assessment serves as a possible example of a classroom assessment and its use is not required.

More information concerning the LAS project may be found here: www.isbe.net/assessment/htmls/balanced-asmt.htm

Content: Band
Grade Level: Grades 5-12

Purpose
The purpose of this assessment is to provide evidence of student learning that will inform teaching practices and provide meaningful feedback to students. Students will demonstrate their ability to perform a selected musical excerpt.

Standards
National Core Arts Standards:

- MU: Pr6.1.8: Perform the music with technical accuracy, stylistic expression, and culturally authentic practices in music to convey the creator’s intent.

Data Use
This assessment may be used to monitor students ability to perform music on a chosen musical instrument with technical accuracy and appropriate stylistic expression.

Accommodations, Modifications, and Alternate Assessments
Students may be provided with different musical excerpts that are appropriate for their identified performance level. The teacher may also provide appropriate supports to students during the assessment process, and students may record their performance outside of class.

Materials

- Musical Excerpts
- Instrumental Performance Rubric

Directions

1. Students will perform the required musical excerpt in class or record their performance at home and turn the recording in to the teacher.

2. The teacher will evaluate each student’s performance using the identified rubric (see Additional Materials), and provide specific feedback to students concerning how they may improve their performance.

Note: Students may also use the rubric to engage in self- and peer-evaluation. In addition, the teacher and student may choose to focus on specific criteria each time the rubric is used. Additional criteria may be developed for percussionists.
