### Educator License Renewal List

Licenses Eligible for Renewal

License	Status	Issue Date	Expire Date	Renew Date
PEL - Professional Educator License	Issued	07/01/2013	06/30/2015	07/01/2015

[Click Here to Renew License](#)

If the expiration date for your license on your "My Credentials" page is set to July 1st of this year or earlier, then you have licenses that can be renewed.

If you have already renewed online, then your "My Credentials" page will show either an issued credential with an expiration date past July 1st of this year or your old credential along with a new credential that is "pending review." If you have a license that is pending review (or a newly issued license with an expiration date past July 1st of this year), then you DO NOT have to do anything further to renew your credentials.

Review and, if needed, update the information on the screen. To update information place the cursor in the applicable box, delete the old information, and type in the new information. Click  .

### Renew and Register an Educator License

Before your license reaches its expiration date, you must renew your license by verifying professional development requirements have been met. Completing the following steps will renew and register your license for another cycle. Registration fees are \$10 per year and will be collected for the license's validity period at the end of the renewal and registration process.
