

Illinois Community Eligibility Provision (CEP) Possibly Eligible Listings by Site Level and District Level

Based on the Verification Summary Report data submitted by the schools to ISBE, this file contains a listing of sites and a listing of school districts/Local Educational Agencies (LEA's) that are eligible (40% Identified Students or greater) or close to eligible (30-39% Identified Students) for CEP. Again this listing is based on data submitted by the school district on the verification summary report in October. If applying for CEP, the Identified Student number and enrollment must come from April 1 of the year prior to participation. For example, if applying to start CEP for School Year 2015-2016, the Identified Student number and enrollment must come from April 1, 2015. This listing is just a proxy by which to determine if you may be eligible for CEP and used to determine that you want to look at your April 1, 2015 Identified Student and Enrollment numbers to determine if CEP would be a good choice for your school and/or school district.

Please review our recorded training modules & other resources for more information about CEP, they can be found at: <http://www.isbe.net/nutrition/htmls/nslp-hhfka-ceo.htm>

The term Identified Students is different from free and reduced eligible students. Identified Students include the following:

- Those directly certified for free meals through participation in the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), income eligible Medicaid (in selected districts), foster children and the extension of benefits to students within the same household.
- Homeless (certified by the homeless coordinator)
- Runaway (certified by the runaway coordinator)
- Migrant youth (certified by the migrant coordinator)
- Head Start (certified by the Head Start Coordinator)

Listing of school sites with 40% or greater Identified Students based on data submitted on the Verification Summary Report
