

PARCC Pre-ID File

The Pre-ID files for the Performance-Based Assessment (PBA) and End-of-Year (EOY) components will be available in SIS on **November 7th**.

Students in grades 3-8 will be captured according to their grade level at time of enrollment. Students in high school will be captured according to their spring course assignment.

Home school districts are responsible for entering Pre-ID information including PNP/Accommodations for each student.

File available in SIS: November 7, 2014

Files due in SIS **no later than noon** on the following dates:

PBA: November 21, 2014

EOY: January 23, 2015

Student counts for both paper-based and computer-based testing will be generated according to these files. Any changes to the files after these dates may require you to place an additional materials order.

Information on how the Pre-ID files are generated can be found beginning on slide 60 of the [SIS PowerPoint presentation](#) from the September 17, 2014 webinar.

DLM-AA Pre-ID File

The Pre-ID files for the DLM-AA Field Test and Instructionally-Embedded Assessments and the DLM-AA Year-End Accountability Assessments will be available in SIS on **November 7th**.

Students will be captured according to their grade level. All students in grades 3-12 will be included in the file. Only students in grades 3-8 and 11 will be assigned to the Year-End Accountability Assessments. All students in grades 3-12 will have the option of participating in the Field Test and Instructionally-Embedded Assessments. Home school districts are responsible for entering Pre-ID information for each student.

DLM-AA Field Test and Instructionally-Embedded Assessments

Files available in SIS: November 7, 2014

Files pulled weekly beginning: **November 14, 2014**

These files will be pulled and loaded into Educator Portal to allow for participation in these optional assessments during the following test windows:

Phase B Test Window: November 10 – December 19, 2014

Phase C Test Window: January 5 – March 6, 2015

DLM-AA Year-End Accountability Assessments

Files available in SIS: November 7, 2014

Files pulled nightly beginning: **February 23, 2015-end of testing window**
