Seating Chart

Recording Student Seat Assignments

In the SAT testing site, proctors help keep the test fair and valid by accounting for where students are seated in their testing room. The seating chart provided here can be used to record the student name or initials for each seat in the testing room.

The paper chart has room for recording up to 49 assigned desks. If testing in a large room, the proctor can complete more than one chart, as indicated in the chart instructions.

The coordinator should retain completed charts for 30 days in case of need for a security investigation.

Seating Chart

Use this chart to indicate how seats were assigned to students seated in your testing room. For large rooms, use a separate form for each area of the room and indicate where areas adjoin each other.

Fill in your name, role (proctor or monitor), date, center/school and room number, and page information (e.g., page 1 of 1).

Name _____	
Role _____	Date _____
Center/School Number _____	Room Number _____
Page _____ of _____	

1. For each occupied seat, write in the student's full last name and as much of the first name as you can fit. Separate the two names with a comma.
2. Cross out any unused seats.
3. Indicate the location of the entrance doors.

If any student is moved to another seat after the test begins, indicate on the seating chart where the student was moved. Submit an Irregularity Report explaining the reason for the change.
