FORWARD

The attached report is being submitted to comply with Section 2-3.145 of the School Code [105 ILCS 5/2-3.145] as amended by Public Act 95-0555.

Section 2-3.145 mandates that the Illinois State Board of Education (ISBE) submit to the General Assembly and the Governor an annual report that designates school districts' special education expenditures, receipts, and net special education expenditures over receipts. The receipts are to be specified as local, state, and federal. The calculation utilizes data ISBE receives on school district Annual Financial Reports, Pupil Transportation Claims, the Fall Housing Reports/Student Information System, and the Funding and Child Tracking System (FACTS).

Legislative sponsors and educational stakeholders held discussions and agreed to the following assumptions, which have been used in each report since the passage of the legislation in fiscal year 2008.

- The FACTS Report collects each identified special education student's enrollment in special education and the Educational Environment (EE) for each student. The EE defines a range of time the student receives regular services. For example, a student with an EE code of 02 is defined as "40 percent – 79 percent inside the regular classroom." Thus, all students with an EE code of 02 are counted as receiving 60 percent special education services.
- Expenditures that are directly related to special education services are allocated 100 percent as special education. These expenditures include special education instructional programs, special education private tuition, speech pathology and audiology services, etc. (See Appendix B of the attached report.)
- For expenditures that lend greater support to special education, the ratio of total special education child headcount to total child headcount is utilized to allocate the expenditures to special education. These costs include health services, office of the principal services, etc. (See Appendix B, 25.799 percent.)
- Expenditures that are not directly related to special education services are allocated utilizing the ratio of special education full-time equivalent count to the total child headcount for each district. These costs include guidance services, assessment and testing, etc. (See Appendix B, 10.496 percent.)
- Revenues that are directly related to special education services are allocated 100 percent as special education. These revenues include special education purposes levy, special education tuition, special education personnel reimbursement, etc. (See Appendix B.)
- Revenues that are not directly related to special education services are allocated utilizing the ratio of special education full-time equivalent count to the total child headcount for each district. These revenues include general purpose levies, general state aid, etc. (See Appendix B, 10.496 percent.)
- ISBE does not collect the percent of time ancillary services, such as social work, psychological, and other support services, are utilized for special education purposes. Therefore, these expenditures are allocated as follows: (See Appendix B.)
 - Attendance and Social Work Services—90 percent;
 - Psychological Services—90 percent; and
 - Other Support Services—5 percent.
- Chicago School District 299 receives a predetermined amount of special education funding within its block grant that incorporates special education funding as well as other state funding. Each year, the block grant revenue is reviewed and the percentage dedicated to special education is determined and utilized within their calculations. It is important to note that Public Act 97-0238, effective July 1, 2011, requires that Chicago School District 299 submit data for grants and mandated categorical programs that are paid within the Educational Block Grant in the same manner as required of other districts. This data has been incorporated in

the calculations for Chicago School District 299. The public act does not change the current block percentages or the amounts that are due to Chicago School District 299.

The analysis of the Chicago School District Educational Services Block Grant reflects that the district received \$252 million more in the block grant than it would have received if it was required to file a specific claim for each type of funding in the block grant for school year 2015-16. Of the \$252 million, \$242.5 million (96.2 percent) is attributed to special education services. The Special Education Expenditures and Receipts Report reflects that the Chicago School District spent \$195.8 million more in special education dollars than revenue received, or \$3,060 per child. If the district's block grant special education funding was decreased by the \$242.5 million denoted above, Chicago School District's special education expenditures would be \$438.3 million in excess of the revenue realized. This would equate to \$6,849 per special education child, which is \$2,090 more than the state net expenditure per child count of \$4,759 but within the range for North and West Cook County. See Chart 1 below.

This is the 11th year for this report and these assumptions were followed consistently each year.

Chart 1 below denotes the overall amount of net expenditures districts incur after deducting local, state, and federal revenues allocated to special education, by geographic region. The substantial increase to Chicago School District's cost per child headcount is due to decreasing special education child headcount, decreasing local revenues, and delayed payments for the Educational Services Block Grant. Chicago School District 299 has realized the largest percentage increase over the 2014 report (234.4 percent), followed by West Cook County (23.2 percent) and then North Cook County (22.8 percent).

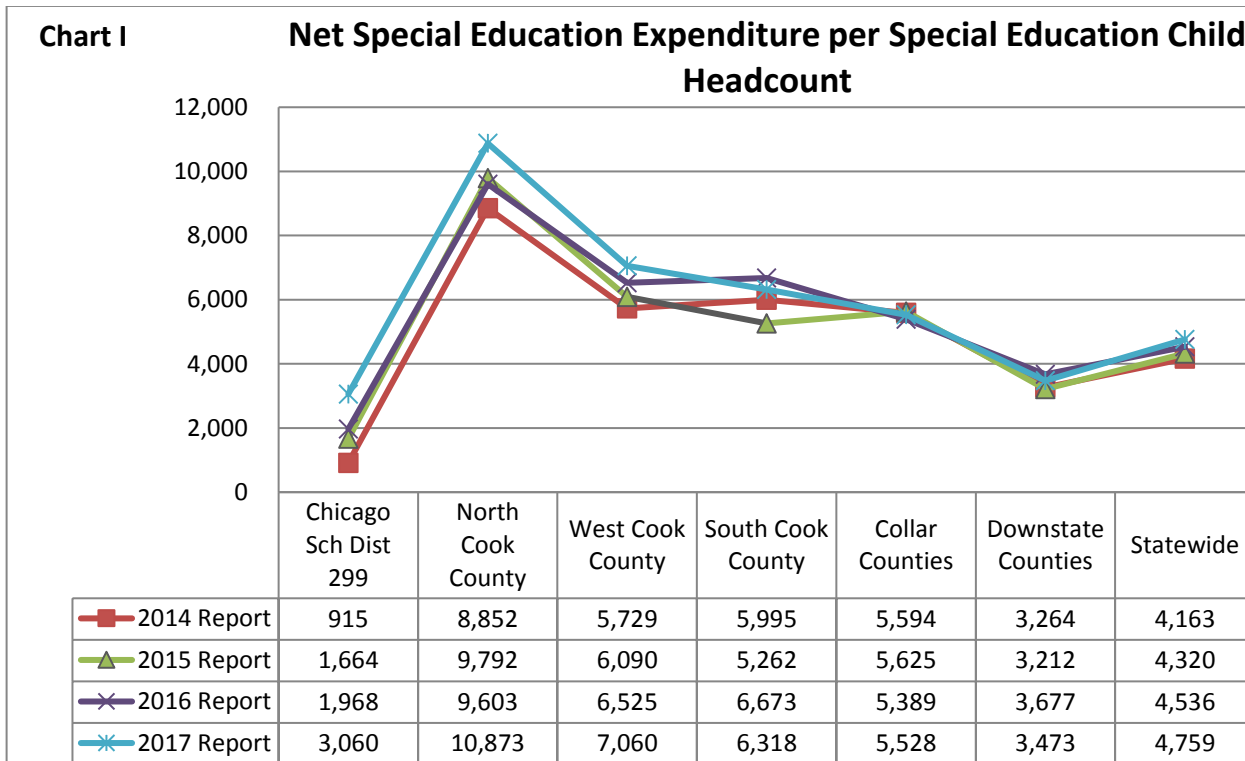

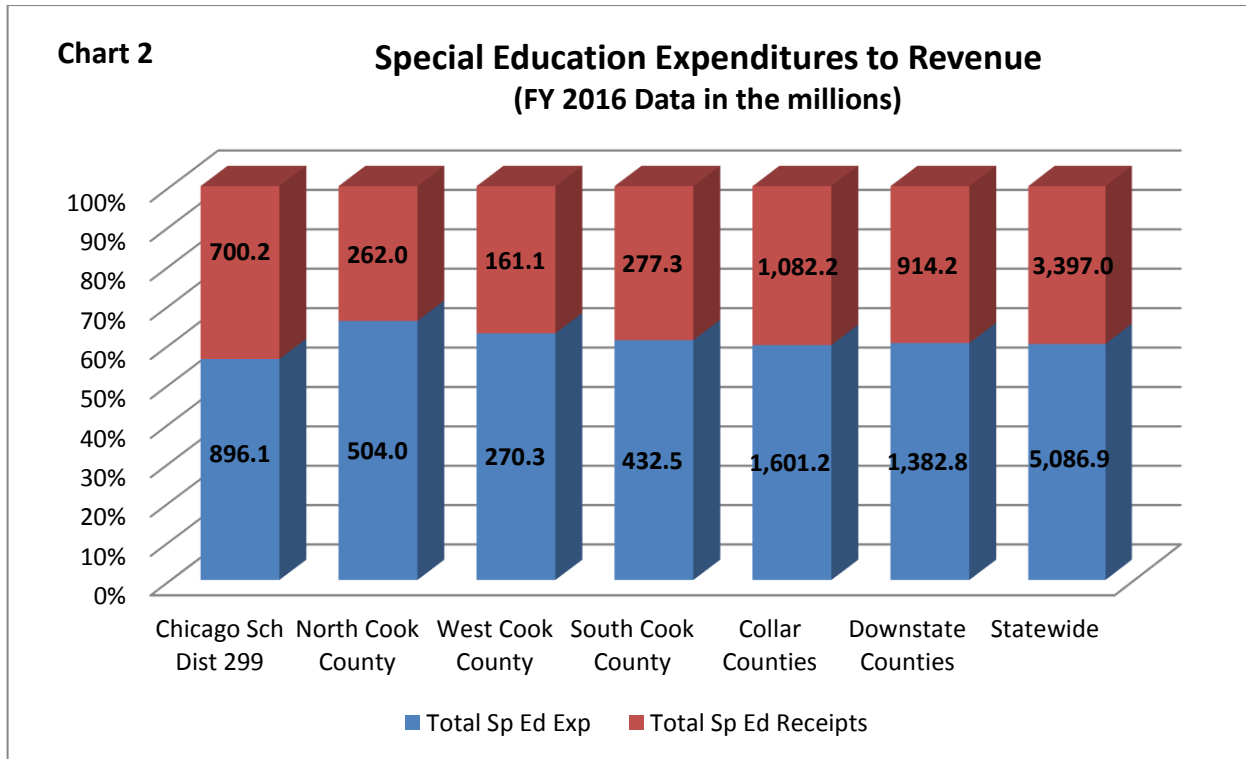

Chart 2 below reflects the amount of allocated special education expenditures compared to the allocated special education revenue, per geographic region.

As Chart 3 reflects, with the exception of Chicago School District 299, the percentage of unreimbursed special education expenditures has remained fairly consistent within each geographical region.

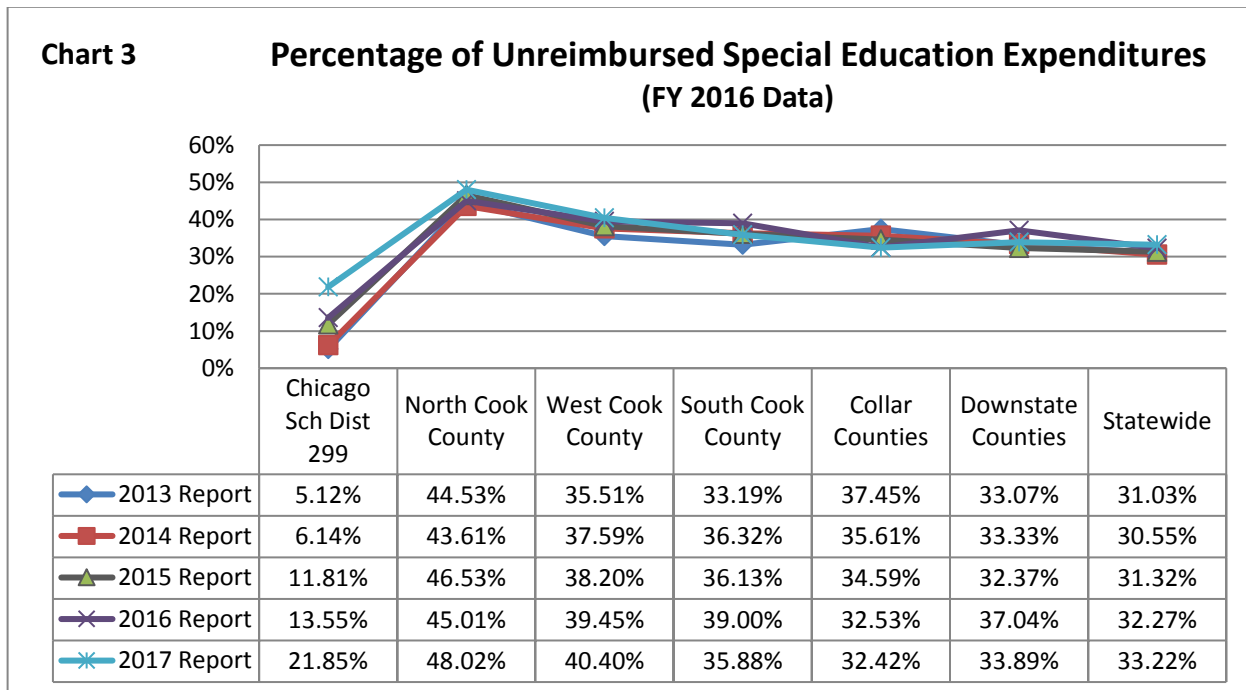

Table 1 reflects the total amount calculated for the estimated net special education expenditures after deduction of a proportionate share of local funds received and specific state and federal funds received.

TABLE 1

Estimated Special Education Net Expenditures (\$ in Billions)					
Fiscal Year	Estimated Special Education Expenditures (A)	Proportionate Share of Local Funds (B)	State Funding (C)	Federal Funding (D)	Net Special Education Expenditures (A – B – C – D)

2016	5.1	1.3	1.6	0.5	1.7

Because of the requirements for the Maintenance of Fiscal Effort, the appropriation for state special education funding has remained consistent over the past years. If maintenance of fiscal effort is not maintained, the state would lose one dollar of federal funding for every state dollar budget reduction for special education.

As denoted in Table 2, the appropriation per student increased each year through FY 2015. In FY 2016, it remained the same as it had been in FY 2015.

Special Education Expenditures and Receipts Report - 2017

(Based on the FY16 Annual Financial Report Data)

DEFINITIONS & ASSUMPTIONS

DEFINITIONS

Basis of Accounting: Is either a cash basis or an accrual basis. For purposes of reporting on the AFR (ISBE Form 50-35), cash basis includes a “modified cash” basis and accrual basis includes a “modified accrual” basis.

Expenditures: Transactions involving the disbursement of cash or the establishment of an obligation without creating an asset or canceling a liability.

Net Expenditures: Expenditures minus the sum of federal, state, and local receipts (Note: negative value indicates receipts exceed expenditures).

Receipts: Transactions involving the receipt of cash (or other economic resources) without creating a liability or canceling an asset.

- **Federal Receipts:** Consisting of federal grants, aids and reimbursements (4000 Accounts)
- **State Receipts:** Consisting of state grants, aids and reimbursements (3000 Accounts)
- **Local Receipts:** Consisting of taxes, tuition, charges for services, fees, investment income, and miscellaneous proceeds (1000 Accounts)

Special Education Child Count: Are determined from the “Special Education Funding and Child Tracking System” (FACTS) or “Fall Housing Report System” for FY07/“Student Information System” or SIS for FY08 and beyond. Special education students reported must be eligible to receive services or be in a special education program receiving direct or related services, be at least age three through age 21, inclusive, and have an individualized education program (IEP) or individualized services plan (ISP) in place. Applicable categories are:

- A. **Special Education Child Count:** Obtained from the “FACTS Report” submitted to ISBE.
- B. **Special Education Child (Full-time Equivalent) Count:** Calculated from the “FACTS Report” utilizing each student’s beginning & end date and percent of time in special education as determined by the education environment.
- C. **Total Child Count:** Obtained from the “Fall Housing Report” submitted to ISBE.
- D. **Special Education Child Count divided by Total Child Count:** Calculated from information in items A & C above.
- E. **Special Education Child Full-time Equivalent Count divided by Total Child Count:** Calculated from information in items B & C above.

ASSUMPTIONS

- Figures exclude the Municipal Retirement/Social Security Fund. This fund is created if a separate tax is levied to provide resources for the school district's share of retirement benefits for covered employees or a separate tax is levied to provide resources for the district's share of social security and medicare only payments for covered employees. If these taxes are not levied, the payments should be charged to the fund where the salary is charged.
- Figures include expenditures for Bilingual programs, but exclude expenditures from Vocational Education or Title I programs.
- "Flow-Through Receipts from One Local Education Entity to Another Local Education Agency" include only the flow-through monies from federal sources (2200 Account). Similar receipts from state or local sources are excluded (2100 & 2300). However, each school district's related receipts and expenditures will be captured in the calculation.
- The school district AFR may be filed using either the cash or the accrual basis of accounting. Adjustments have not been made for any differences in the recognition/timing of receipts and/or expenditures that result from the basis of accounting used by the school district.
- Chicago Educational Services Block Grant (3767 Account) is included for the Chicago School District 299 with the percent of special education determined annually from the district's total special education funding. This block grant is authorized by the School Code, Section 1D-1.
- The data is limited to the accuracy as reported to ISBE from the districts.
- Attendance/Social Worker and Psychological Services are assumed at 90% special education for all districts. Other Support Services – Pupil are assumed at 5% special education for all districts.
- The percentage of time assumed for special education is the highest percentage allowable for each designated educational environment. For example, if the designated educational environment reports a student is 40 to 79% in the regular classroom, it is assumed that the student is 60% special education.
- The special education pupil transportation expenditures and receipts are obtained from the unaudited Pupil Transportation Claim as submitted by the district.

* These limited calculations are those that were thoroughly discussed and agreed upon with the bill sponsor. This report is not intended to be wholly conclusive of the total cost incurred by districts to educate their special needs students and should not be construed as such. Figures are compiled from the Annual Financial Reports (ISBE Form 50-35) filed pursuant to Sections 3-7 and 3-15.1 of the School Code. Additional information was obtained from the Pupil Transportation Claim Detail (ISBE Form 5023); the Annual Claim for Pupil Transportation Reimbursement Computation Worksheet Summary (ISBE Form 5023); the Student Information System (SIS); and school district enrollment.

** Public Act 99-0523 requires school districts to expend a portion of FY16 General State Aid for Special Education Services. For the amount see ISBE link: <https://www.isbe.net/Pages/Special-Education-Approval-and-Reimbursement.aspx>
