

Archived Test Announcements for Spring 2024

Date of Announcement	Announcement
<i>Emailed 04/22/2024</i>	<a href="#">Last Week of Testing Updates - SAT with Essay, PSAT 10, PSAT 8/9</a>
<i>Posted 03/25/2024</i>	All affected schools have been contacted by the College Board staff regarding this issue. Please reach out to College Board Customer Support if you have any questions 844-688-9995.
<i>Posted 03/18/2024 at 3:45 PM</i>	<p>Registrations within Test Day Toolkit have been restored. If you had impacted students, you should now see them in Test Day Toolkit. There are several steps that impacted schools will need to take to ensure that testing can proceed.</p> <ol style="list-style-type: none"> <li>1. <b>Please print new sign-in tickets for all students.</b> Although not all students were impacted, the most efficient way to ensure that impacted students can access testing smoothly is to print and use new sign-in tickets for all students.</li> <li>2. <b>Some students may be unassigned from their testing room in Test Day Toolkit.</b> While you may reassign students to testing rooms, you may also use the guidance linked <a href="#">here</a> to assign students to rooms on test day.</li> <li>3. <b>Impacted students who had already completed the Digital Readiness Check will need to complete the exam setup steps again.</b> This may be done in advance or on testing day. It should take approximately 5-10 minutes for PSAT 8/9 and 10-15 minutes for PSAT 10 and SAT. Students will be prompted to complete this after logging into Bluebook. Use the guidance linked <a href="#">here</a>.</li> </ol> <p>College Board and ISBE recognize the additional burden this issue has created for impacted schools. We sincerely apologize. If you need additional support, please reach out to your designated College Board Illinois Boots on the Ground team member. Their contact information can be found at <a href="https://www.isbe.net/Documents/BOG.pdf">https://www.isbe.net/Documents/BOG.pdf</a>.</p>
<i>Posted 03/18/2024 at 10:40 AM</i>	We have been made aware that there is an issue with the College Board Test Day Toolkit impacting districts across the country. College Board is working to resolve the issue. We will post related updates here as they become available.
