Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

- ISBE had hoped to produce updated guidance about 105 ILCS 5/14-6.01 for the spring 2019 testing season, this issue is deeply connected with other areas, including Evidence-based Funding, special education, and more. As such, it requires careful deliberation and research on intended and unintended outcomes.
- Previous ISBE guidance that students be enrolled in a high school district as grade 9 students, which was last confirmed in 2014-15 is still in effect.
- Detailed guidance to assist with Spring 2019 is posted now.

First Year in U.S. School Status for English Learners (ELs)

- EL students with “First Year in U.S. School” status will take the math, ELA, and science (if applicable to the grade or course) assessments.
- The scores the students receive will not be used in the calculation for district and school accountability.

New Test Security Survey

- The Federal Peer Review process Critical Element 2: Assessment Systems Operation requires states to monitor test administration security procedures for all State Accountability Assessments (SAA).
- To ensure a fair and accurate administration and the security of SAA's and their test items, **all educational and support staff who handle test materials** are expected to **read, understand and comply with the Test Security documents** produced and distributed by ISBE for the various assessment programs.
- This survey collects information at the **district level** regarding **training procedures** and an affirmation from the **superintendent (or designee)** to comply with the information contained in the Test Security Agreement.

ASSESSMENT
ILLINOIS ASSESSMENT OF READINESS (IAR)

The Illinois Assessment of Readiness (IAR) is the state assessment and accountability measure for Illinois students enrolled in a public school district. IAR assesses the New Illinois Learning Standards Incorporating the Common Core and will be administered in English Language Arts and Mathematics.

IAR assessments in English Language Arts and Mathematics will be administered to all students in grades 3-8.

TEST SECURITY AGREEMENT

State accountability assessments (SAA) conducted by The Illinois State Board of Education (ISBE), and the items and content contained within the SAA, are secure, copyrighted materials. These assessments are used to measure and report the educational performance of students in Illinois. To ensure a fair and accurate administration and the security of SAA's and their test items, all educational and support staff who handle test materials are expected to read, understand and comply with the Test Security documents produced and distributed by ISBE for the various assessment programs. These materials can be found at the Student Assessment and Accountability website.

I, the undersigned, acknowledge that I will have access to the SAA, and the confidential information contained in the SAA. I understand that this access to the SAA carries with it the responsibility to:

- (a) read and understand the SAA Test Security documents, produced and distributed by ISBE for the various assessment programs found at the Student Assessment and Accountability website;
- (b) comply with the "Test Security" measures contained in those materials;
- (c) guard against unauthorized copying, reproduction, distribution or use of the SAA;
- (d) abide by all test security requirements and guidelines instituted by ISBE, my district and school; and
- (e) oversee the training for individuals within my organization to ensure they also understand and follow the Test Security requirements contained with the aforementioned documents.

I further understand that any unauthorized copying, reproduction, distribution or use of the SAA:

- (a) is a violation of copyright held by the Illinois State Board of Education under its contract;
- (b) may compromise the results of the assessment;
- (c) may result in significant loss and damages to the State of Illinois and its affiliates to replace items in the assessment;
- (d) may result in the loss of Federal education funding to the State of Illinois.

Participation in State Assessments

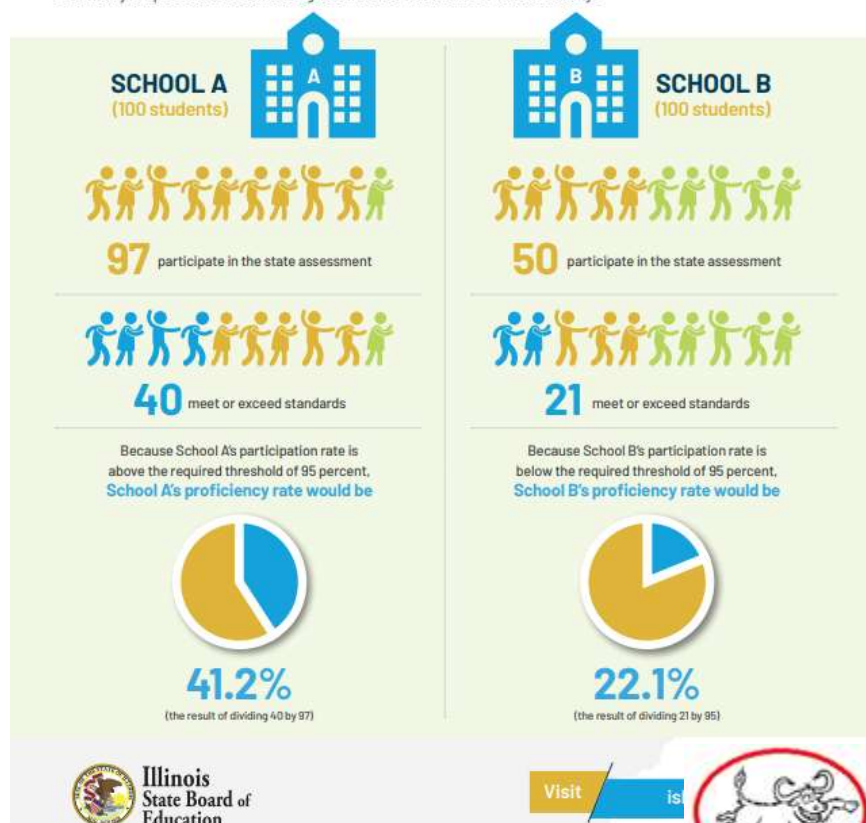

The federal Every Student Succeeds Act (ESSA) sets the expectation that every student participates in state assessments and requires that states calculate rates of proficiency out of at least **95% OF ELIGIBLE STUDENTS**. Universal participation in assessments promotes equity, excellence, and transparency.

Impact of Participation in IAR

A school's participation rate on state assessments impacts its rate of proficiency and its annual designation. ESSA requires states to calculate proficiency by dividing the number of students who met or exceeded standards by either the number of students who tested or 95% of the number of students who should have tested, whichever is greater. Schools with less than 95% participation in state assessments are ineligible to receive the Exemplary designation. Schools with any student group that has a participation rate below 95% for three consecutive years will develop and implement a Workplan for School Improvement. English Learners must take all portions of the IAR to meet federal requirements, even those in their first year in the U.S. Their results in that first year provide a baseline for growth but do not count for accountability.

Illinois' accountability assessments provide critical information for educators and the State to give more support and resources to the students in the greatest need.

For students in grades 3–8, IAR measures the same math and literacy standards with the same types of questions, while reducing testing time by one-third.

Assessment of Readiness

Same Standards, Same Content, Improved Administration 2019 // PHASE ONE

The Illinois Assessment of Readiness is a federally required measure of student mastery of the Illinois Learning Standards in English language arts and mathematics in grades 3 through 8 – and their readiness for what's next.

What	Students, families, and schools will experience essentially no difference in the assessment this year. The Illinois Assessment of Readiness measures the same standards and includes the same high-quality test questions used the last four years. Using the same content and measuring the same standards ensures comparability from year to year – an essential commitment to including growth in our support and accountability system. The assessment may be slightly shorter this year to field test new questions needed for the transition to a computer adaptive test.
Who	All students in grades 3 through 8 in Illinois public schools or receiving the tax credit scholarship to attend Illinois private schools.
When	The online assessment window tentatively opens March 11. For the fewer than 10 percent of schools in the state using paper exams, the assessment window opens March 25, due to the logistics of printing and shipping paper. Schools using paper exams will receive the test materials March 18. The assessment window statewide closes April 26.
Why	The improvements to come to the Illinois Assessment of Readiness administration in the next few years reflect active partnership with educators and practitioners to make the assessment even more useful for improving student outcomes. It will provide the option of bringing all accountability assessments onto a single administration and management platform, and will maintain comparability throughout all changes. (See full timeline of changes below.)
How	ISBE has two contracts for the Illinois Assessment of Readiness – one for content and one for administration. Illinois' existing contract with New Meridian provides the assessment's high-quality PARCC content. A one-year contract with Pearson will provide the 2018 administration. The vendor for future administration is pending procurement resolution.

Quick Question

- How helpful to your district would it be for the IAR and the ISA to be delivered on the same platform?
 - A. Very helpful** *Example: I handle all the assessments in my school or district so any reduction in work would mean a lot.*
 - B. Somewhat helpful** *Example: We still have ACCESS, DLM and PSAT/SAT on different platforms, so this doesn't buy us that much.*
 - C. Not helpful** *Example: We like the simpler ISA platform or have specialized coordinators for each test and that works well for us.*
 - D. Other** *Explain your thoughts in a chat message.*

Note: This question is purely for information gathering purposes and **does not imply any specific course of action on ISBE's part.**

ISA **(ILLINOIS SCIENCE ASSESSMENT)**

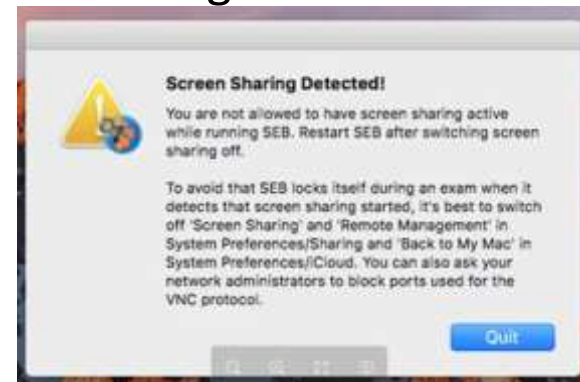

Windows SEB Known Issue

- If you are currently testing with the 2019 Windows SEB and experiencing no issues, then continue with your current configuration.
- We have had reports of intermittent issues with the 2019 Windows SEB v2.2.2.
- After researching, no root cause can be identified.
- As such, ISBE recommends districts that have not started ISA testing to roll back to the 2018 Windows SEB, v2.1.8.
- ISBE has updated the Assessment Technology Requirements area of the ISA website <https://www.isbe.net/Pages/Illinois-Science-Assessment.aspx> with the v2.1.8 files for Windows .exe and .msi files and has removed the 2019 SEB v2.2.2.
- The steps are to uninstall the 2019 SEB and then install the 2018 version.

SEBs

- All SEBs are available in the Assessment Technology Requirements section of the ISA site.
- You must install the 2019 SEBs from our site.
 - NOT Windows (previous slide).
- Run the Install Check to verify the system works though submission of a test record
 - MAC: Some Jamf users have had a Screen Sharing error
 - Resolution: Use Posted version for Mac OS 10.11

- The initial test date for PSAT 8/9 (for grade 9) is April 9, 2019.
- If the student begins taking the grade 8 IAR before turning age 15, the student must complete the grade 8 IAR in ELA and mathematics.
- If the student will turn age 15 on or before April 9, 2019, **and had not yet started taking IAR**, the student must participate in the PSAT 8/9* (for grade 9) and contact ilsat@collegeboard.org to ensure appropriate materials will be available for PSAT 8/9 testing. If accommodations materials are needed, enter them into College Board's SSD Online System immediately and call to make sure they can arrive in time for testing. Contact Megan Forness (mforness@isbe.net) for questions pertaining to the PSAT 8/9.

**Note about PSAT 8/9 testing: The high school district may make arrangements for a student to test at their location if appropriate and feasible. Or, the high school district may complete an "off-site" testing request that will allow staff to transport secure PSAT 8/9 test materials to the serving school to test the student there instead.*

Fifteen-Year-Old Students with Disabilities (with an IEP) in Elementary School Districts

www.isbe.net/Documents/Guidance-15YO-IEP-ESD.pdf

- The ISA test window is March 1 - April 30, 2019.
- If the student begins taking the grade 8 Illinois Science Assessment (ISA) before turning age 15, the student must complete the grade 8 ISA. If the student turns age 15 and had not yet started taking the ISA, the student will participate in ISA only if enrolled in first year biology. Contact Dan Brown (dabrown@isbe.net) for questions pertaining to the ISA.

SAT/PSAT Spring 2019

- The SAT® School Day training has been updated to include various changes in how you plan for the test, administer the test, and return your test material.
- Even if you've taken the training in the past, if you'll be coordinating the SAT School Day administration at your school, **you're required to complete it again** by no later than two weeks before your test date.
- Online training is also available for the PSAT-related assessments. Training for the PSAT 10 and PSAT 8/9 is required unless you're also the SAT test coordinator and have completed the SAT School Day test coordinator training. There are slight nuances between the SAT and PSAT-related assessments that supervisors and staff should be aware of.

SAT/PSAT Pre-ID

- The SAT, PSAT 10, and PSAT 8/9 Pre-ID is available now in SIS.
- Pre-ID data were sent to the College Board February 1, 2019. These data will be used to determine standard test booklet quantities and print Pre-ID labels.
- The Pre-ID will ***continue to update in real time*** as students are enrolled and exited, including any grade-level changes.
- ISBE will provide ***updated Pre-ID data*** to the College Board based on Pre-ID data scheduled to be captured on **Friday, March 29, 2019**.
- Pre-ID data from March 29 will not generate any additional test materials orders or Pre-ID labels but will be used to match score data in cases where students have moved from one school to another or been added since February 1, 2019.
- Contact assessment@isbe.net with any SAT/PSAT Pre-ID questions or concerns.

SAT/PSAT Established Test Centers for Spring 2019

- The list of established test centers as of February 11, 2019, is posted here: www.isbe.net/Pages/sat-psat.aspx.
- If the Testing RCDTS code in the SAT/PSAT Pre-ID file was not on the list of established SAT/PSAT test centers, SIS changed the Testing RCDTS to match the Home RCDTS code in the SAT/PSAT Pre-ID file before it was sent to the College Board.
- Materials and Pre-ID labels will be shipped *only* to established test centers.

ASSESSMENT

SAT, PSAT 10, PSAT 8/9

New this year, ISBE will require public-school students in grade 9 to take the PSAT 8/9 and public-school students in grade 10 to take the PSAT 10, unless the student will take DLM-AA instead. ISBE will continue to require public-school students in grade 11 to take the SAT, unless the student will take DLM-AA instead.

Additionally, some public-school students in grade 12 may also be required to take the SAT or DLM-AA, as appropriate. Please see the flowchart document for details about which grade 12 students are required to test.

News & Updates

• Grade 12 Exemption Documents

Submit a grade 12 exemption only for a student who will be graduating before the April 2019 administration of the SAT or DLM-AA and hasn't tested or been identified in SIS as being exempt **or** for a student whose exemption was not identified through ISBE SIS programming according to the flowchart document . If your district believes there is evidence in SIS of an exemption, please write to assessment@isbe.net for verification before completing any of the grade 12 exemption paperwork.

College Board-Approved Accommodations

- **College Board-Approved Accommodations** allow students to receive scores that are college- and scholarship-reportable.
- College Board-Approved Accommodations for ALL tests, including SAT, PSAT 10 (grade 10), and PSAT 8/9 (grade 9) must be requested via College Board's Services for Students with Disabilities (SSD) Online system by the school that will receive the materials.
- **February 19, 2019:** Deadline to request College Board-approved accommodations in SSD Online for SAT and PSAT 10 (Schools with existing AI codes may begin entering requests now.)
- **March 4, 2019:** Late request deadline for late transfers to the school and students with newly-identified accommodations and **(NEW!) extended deadline for PSAT 8/9**
- **After March 4, 2019:** Enter request in SSD Online, and call SSD to confirm that materials can arrive in time for testing.

State-Allowed Accommodations

- **State-Allowed Accommodations** DO NOT allow students to receive scores that are college- and scholarship-reportable.
- State-Allowed Accommodations for ALL tests, including SAT, PSAT 10 (grade 10), and PSAT 8/9 (grade 9) must also be entered via College Board's Services for Students with Disabilities (SSD) Online system by the school that will receive the materials.
- **March 4, 2019:** Deadline to request State-Allowed Accommodations in SSD Online
- **After March 4, 2019:** Enter request in SSD Online, and call SSD to confirm that materials can arrive in time for testing.

Note Regarding Grade 12 Students on the NAR in the College Board's SSD Online

- For 2019 SAT, the College Board will look in SSD Online for any grade 11 or grade 12 grade student associated with a participating school and send the materials for that student.
- The school should use materials only for those grade 12 students ISBE has designated as being required to test, according to the SAT Pre-ID.
- It is not possible for the College Board to limit materials to only those grade 12 students on the SAT Pre-ID for testing because there may not be an exact match (e.g., a student may be Thomas in SIS vs. Tom in SSD Online).
- This also ensures that the College Board ships materials to capture any grade 12 student deemed eligible to test after ISBE's initial Pre-ID upload.

Note Regarding Grade 12 Students on the NAR in the College Board's SSD Online

- Traditionally, the College Board does not send overages for nonstandard materials. While this may result in excess materials at the school, it does have the unintended benefit for schools to have some extra materials on hand in case they don't receive what they need to test all their students.
- Please follow the instructions in the coordinator manuals for returning any unused testing materials.

SAT/PSAT EL Supports

- English learners (ELs) will be able to utilize EL supports for the ISBE-provided spring 2019 SAT, PSAT 10, and PSAT 8/9 administration.
- Use of any EL Support will allow for college- and scholarship-reportable scores.
- **These EL supports include:**
 - Use of an approved word-to-word bilingual glossary
 - Use of translated test directions, and
 - Use of 50% extended time
