

# PARCC Field Test Update

February 28, 2014

Illinois State Board of Education

# Agenda

- Field Test Updates
- Preparing for Test Day
- Setting up PearsonAccess for the Field Test
- Q&A

# Double-Testing Waiver

- The waiver **only** applies to students who are taking **both** the Performance-Based Assessment (PBA) and the End-of-Year Assessment (EOY) in the same content area. These students, then, will be allowed an exemption from the ISAT in that content area. They would still take the ISAT in the other content areas. This only applies to grades 3-8.

# ISAT Materials for Waiver Schools

- We are discussing ways of capturing this data effectively during the correction period.
- More communications will be coming

# Next Webinars

- March 14
- March 21
  
- These will largely be in an open forum format.

# Delivery Summary

Task	Timeline
Initial delivery for Performance-Based Assessment (PBA)	Week of 3/17/14
Initial delivery for End-of-Year Assessment (EOY)	Week of 4/21/14
Additional orders window for PBA – test materials	3/19/14- 4/30/14
Additional orders window for PBA – return materials	5/1/14 - 5/9/14
Additional orders window for EOY – test materials	4/21/14 - 6/4/14
Additional orders window for EOY – return materials	6/5/14 - 6/13/14
Deadline to return materials for PBA (instructions in Section 4.2.10 of the <a href="#">Test Coordinator Manual for Paper-Based Testing</a> )	Pick-ups must occur as soon as possible after testing is complete, but no later than one week after the testing window ends
Deadline to return materials for EOY (instructions in Section 4.2.10 of the <a href="#">Test Coordinator Manual for Paper-Based Testing</a> )	Pick-ups must occur as soon as possible after testing is complete, but no later than one week after the testing window ends

### RELATED LINKS

# Who may administer the Field Test?

- Individuals employed by the district as teachers
- Administrators
- Subs that have been trained and are employed by the district
- School psychologists, social workers, librarians, guidance counselors, and speech pathologists
- Teachers employed by the district who hold provisional certificates

# Who may not administer the Field Test

- Student teachers
- Parents
  - If a teacher is a parent, he or she can administer the test, but not in the same room as his/her child.

# Student Authorization Tickets

- Each test session will have a unique Test Code for each student that will be printed on the Student Authorization Ticket printed by the School Test Coordinator and found in PearsonAccess. Students will be prompted to enter the Test Code to access the test.

# Seal Codes

- Seal Codes are used to lock sessions of the test. Seal Codes prevent students from going ahead to a session not being administered or going back to a session that has already been completed. Seal codes ensure that test sessions are taken in order.

# Scratch Paper

- Test Administrators should supply two pages per student, per session, per content area. Paper must be blank, lined or, for math, graph paper.

# Headphones

- Headphones are required for the ELA test sessions and for students who receive the text-to-speech accommodation.

# Prepare Student Computers for Testing

- Prepare computers to meet security needs:
  - Any software that would allow secure test content on student computers to be viewed on another computer must be turned off.
  - Any applications that can automatically launch on a computer should be configured not to launch during testing sessions. Common applications that can launch automatically include anti-virus software performing automatic updates, power management software on laptops (low-battery warning), screen savers, and email message notifications.

# Testing Times (Computer)

- Time limits are monitored by the Test Administrator, not the computer program.

Task	Time to be Allotted
Preparation <b>before</b> students arrive – includes logging in and setting up computer work stations	2 minutes per computer work station
Preparation <b>after</b> students arrive – includes ensuring students are logged in to computer work stations, reading instructions to students, answering questions	10 minutes
Distribute test materials to students	5 minutes
Administer Field Test session	40-80 minutes
Additional time allowed for all students if students are productively engaged	20-40 minutes
End-of-session activities, including closing testing sessions and collecting test materials	5-15 minutes

# Testing Times (Paper)

Task	Time to be Allotted
Preparation <b>after</b> students arrive – includes reading instructions to students and answering questions	10 minutes
Distribute test materials to students	5 minutes
Administer Field Test session	40-80 minutes
Additional time allowed for all students if students are productively engaged	20-40 minutes
End-of-session activities – including collecting test materials	5-15 minutes

# Make-Up Testing

- Students who are not tested on the regular administration date should be tested on a make-up day, which can be on any day after the initial administration as long as it falls within the testing window.
- Test sessions must be administered in order.

# PEARSONACCESS

# Setup for Field Test

- Create TestNav Configuration – Tech
- Create Test Sessions – School TC
- Add Students to Test Session – School TC
- Cache the Test Content – Tech
  - **Only after** – 1) Test Sessions, 2) Add Students and 3) Test Availability (Published)
- Print Student Authorizations – Test Admin
- Start the Test Session – Test Admin

Current organization: PEARSON - SAMPLE CAT STATE (IA)

Welcome, Wes Bruce

**Conducting an Infrastructure Trial**

An Infrastructure Trial is a full scale dress rehearsal a school can run to prepare for the PARCC Field Test, and to confirm that:

- TestNav is configured correctly
- Devices can successfully run TestNav
- Network will bear the full load of simultaneous test-takers
- School personnel know what to do for PARCC computer-based assessments
- Students are familiar with the computer-based tools and formats

**Complete these steps:**

1. Read the PARCC Infrastructure Readiness Guide on the Support tab of PearsonAccess, under Manuals and Documents
2. Run the SystemCheck Tool on all test-taking computers (<http://practice.parcctestnav.com/>)
3. Review the Training Module ?Setting up an Infrastructure Trial/Dress Rehearsal? at <http://parcc.pearson.com/TMS>
4. Create an Infrastructure Trial plan and set up Trial tests in Pearson Access
5. Administer your Infrastructure Trial
6. Provide feedback on how your Infrastructure Trial went at <https://www.surveymonkey.com/s/PARCCInfrastructureTrial>

## PearsonAccess

Welcome to the state's gateway to services designed to help you register students for testing, order testing materials, and analyze test results.
