Grants

THIS IS A REMINDER OF THE FY19 TITLE III INTENT TO APPLY APPLICATION

Districts have until April 12, 2018 to make necessary corrections on SIS to their EL enrollment and placement data for purposes of the e-GMS ceiling calculator for LIEP funding allotment.

Important Note – A district applying for the Title III grants is required to conduct meaningful consultation with every private schools located within the district’s boundary. The Nonpublic School Consultation Participation form must be completed and uploaded as part of the Intent to Apply application for all identified private schools, regardless of whether they choose to participate or identify any English learners to receive services provided by Title III funding. In the case that a private school refuses to meet for purposes of holding meaningful consultation, please print the following statement on the form with the information of the private school at the top and sign the statement: “Private school [insert name] refused meaningful consultation.” The Nonpublic School Consultation Participation form must be uploaded for each private school in the district.

Title III Grant Periodic Reporting-

DEL is launching guidance regarding Title III Grant Periodic Reporting for Quarter 3. DEL’s Grant Periodic Reporting Page (found here: <https://www.isbe.net/Pages/GrantPeriodicReporting.aspx>) includes a table with deadlines for reports, reporting tools to be used by districts submitting quarterly reports, instructions for completing the reports, resources, and a short Q&A which will grow as more questions are identified. These reports are required by all districts that received a Title III grant in FY18. Districts which received a LIPLEPS (4909) and an IEP (4905) grant must submit a separate report for each grant.

DEL will be hosting a live webinar on Thursday, March 29, 2018 from 10-11 am to review the process of using the reporting tools and collect questions that can further clarify this process. We hope you can join us.

Please note that the calendar and spreadsheets are designed for districts submitting quarterly reports. If your district submits monthly reports, please email your principal consultant for additional guidance.
