

Rec'd 2/8/2017

Hello,

I've been looking for some sort of report that includes the ages of school buildings in Lake County and had reached out to my local ROE. They said that those are included in the Health Life Safety reports and mentioned that ISBE might have a complete list of just the ages. I was wondering if you know whether something like this exists. I didn't want to just FOIA without reaching out to see what I'd really be asking for and what it would actually include.

My number, if you need it, is 312-818-9418.

Thanks,

Emily
