

Rec'd 3/24/2017

Hi Megan,

I hope you are well. Please find below a FOIA request. Thank you in advance for your assistance.

I am writing to request in excel or csv format the following data type for all individual public high schools in Illinois for the 2015-16 school-year:

Percent of students by gender and ethnicity who earn college credit while still enrolled in high school through dual enrollment courses.

Dual enrolled students earn credit towards high school graduation, while at the same time earning college credits. Dual enrollment courses can be taken at the high school or local college.

Best,
Brian
