

Rec'd 4/10/2017

Hello,

My name is Nilofar Vakili and I work for the Center for Education Reform. I was directed here by the office of data and analytics.

I was hoping you could provide me with Proficiency rates for Charter schools and Traditional Public Schools in the subjects of Math and English. Preferably a total for grade levels 3-8, but otherwise just for grade 4.

Thank you in advance.

Kindly,
Nilofar Vakili
