Dear Mr. Little:

This letter is in response to your request for information under the Illinois Freedom of Information Act. Your request was received on Oct. 31, 2016.

You have requested the following *“I would like to calculate 2016 PARCC mean scale test scores by Chicago school category using the 2016 PARCC media student assessment data. But I need a data file that does not suppress the student demographic information. I’ve attached a list of Chicago schools categorized by school type. Shuwan can take this file and link it to a data file containing completely unsuppressed data using the School ID. She can then delete the school IDs (so I cannot identify any students) and return to me the unsuppressed demographic data and the test scores with just the school type attached. That way, I can calculate scores by demographic group for the various school categories.”*

The attached document (*17-137-little-doc.txt*) has been provided in response to your request.

If you have questions, please contact Megan Griffin at (217) 782-4648 or mgriffin@isbe.net.

Sincerely,

Kimberly Stevens
