

ILLINOIS PROFESSIONAL DEVELOPMENT PROVIDERS

Effective 1/1/2015 Updated 05/24/2022

The organizations below are Illinois state-approved professional development providers authorized to issue professional development credit to Illinois licensed educators for license renewal purposes.

WARNING: Entities that do not appear on this list are not Illinois state-approved professional development providers. Illinois educators cannot count professional development from unapproved providers toward professional development requirements for license renewal.

While Illinois state-approved professional development providers have the authorization to collaborate with unapproved third-party professional development providers, they do so at their sole discretion. Educators who wish to complete professional development offered by an unapproved provider should seek approval from an Illinois state-approved professional development provider *prior* to registering for, paying for, or attending an activity.

Pursuant to Article 21B-45(i)(7) of the School Code, approved PD Providers are required to register annually with the Illinois State Board of Education prior to offering any professional development activities in the current fiscal year.

Illinois educators should only participate in professional development activities offered by providers that are State-approved and have registered.
