5Essentials Feedback Form - Jefferson Elem School

For this year's release of the Report Card, principals and superintendents will have the opportunity to comment on their 5Essentials Survey results. The district voice option will give principals and superintendents an easy way to provide some local context and describe how the district is utilizing the survey results. Principals may enter information in the box below. Superintendents can then review and edit the comments through their MyIRC accounts. This change developed out of the 5Essentials Focus Group. Sample topics for comments are listed below. Please note that combined comments for any one school may not exceed 1000 characters total.

- Provide a local context for the school results
- Describe how the school and district are engaging parents and the community on the topic of culture and climate
- Discuss next steps for improving school culture and climate in the district/school

Demo testing for 5 Essentials feedback - Principal's text flows to public screen from 5E feedback form....
