**CSFA Number:** 586-18-0868

**CSFA Title:** Early Childhood Block Grant-Preschool for All 3-5

## Eligibility and Application Information

**Eligible Applicants:** Currently funded and new Early Childhood Block Grant applicants from Regional Offices of Education, public school districts, university laboratory schools approved by the Illinois State Board of Education (ISBE), charter schools, area vocational centers, and public or private not-for-profit or for-profit entities with experience in providing educational, health, social, and/or child development services to young children and their families are eligible to submit a proposal for the Preschool for All program for 3- to 5- year-olds. Programs who score less than 60 points will not be funded.

Contingent upon sufficient appropriation of funds, programs awarded a Fiscal Year 2019 (FY19) grant may apply to upward amend their budget to cover the ability to meet items in the compliance checklist or otherwise support quality through another process. As a result, completion of this RFP for that purpose is not required. Programs will be notified of opportunity should funding become available.

Entities who were awarded an FY19 grant may apply for additional slots under this RFP.

Applicants funded in the FY19 cycle are funded for 5 years, subject to appropriation. Applicants who do not wish to apply for additional slots do not need to apply under this RFP.

Entities who are barred from receiving State or Federal funds as a result of being on the Stop Payment list are ineligible to apply for funds under this RFP.

If the Preschool for All 3-5 program is operated in or by a facility subject to licensure requirements of the Illinois Department of Children and Family Services (DCFS), then that facility must hold the appropriate licensure in accordance with rules promulgated by DCFS (see 89 Illinois Administrative Code, Chapter III: Department of Children and Family Services, Subchapter e: Requirements for Licensure at the link below):  
<http://www.ilga.gov/commission/jcar/admincode/089/089parts.html>

Joint applications for funds may be submitted. In each case, an administrative agent must be designated, and the joint proposal must have the signature of each district superintendent or official authorized to submit the proposal and agree to participate in the joint agreement. A school district or other eligible applicant can participate in only one proposal for a Preschool for All initiative.

A separate appropriation has been awarded to the City of Chicago School District #299 for the initiatives funded under the Early Childhood Block Grant (ECBG) Preschool for All program. Applicants proposing to provide services for children and families within the Chicago city limits must apply for funds through the Chicago school district. More information can be found at: <http://www.cps.edu/schools/earlychildhood/pages/earlychildhood.aspx> . Programs seeking funding through ISBE must serve children and families outside the city of Chicago.

**NOTE:** The State of Illinois Grant Accountability and Transparency Act (GATA) requires applicants to complete pre-qualification requirements before applying for an FY 2020 grant. This includes completion of the Grantee Registration and Pre-qualification process through the Illinois GATA Web Portal at <https://www2.illinois.gov/sites/GATA/grantee/pages/default.aspx>. Grant applications must be submitted by the application deadline indicated in this NOFO/RFP.

Grant applicants are required to complete an FY 2020 Fiscal and Administrative Risk Assessment in the form of an Internal Controls Questionnaire (ICQ) available through the GATA Web Portal and an FY 2020 Programmatic Risk Assessment through the ISBE Web Application Security (IWAS) system. Grant awards will not be executed until the FY 2020 ICQ and Programmatic Risk Assessments are completed.

**Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM):** Each applicant (unless the applicant is an individual or Federal or State awarding agency that is exempt from those requirements under 2 CFR § 25.110(b) or (c), or has an exception approved by the Federal or State awarding agency under 2 CFR § 25.110(d)) is required to:

- (i) Be registered in SAM before submitting its application. If you are not registered in SAM, you may do so at [www.sam.gov/SAM/](http://www.sam.gov/SAM/);
- (ii) Provide a valid DUNS number in its application <https://fedgov.dnb.com/webform>; and
- (iii) Continue to maintain an active SAM registration with current information at all times during which it has an active federal, federal pass-through or state award or an application or plan under consideration by a federal or state awarding agency. ISBE may not consider an application for a federal pass-through or state award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements.

**Code of Federal Regulations / Title 2 - Grants and Agreements / Vol. 1 / 2014-01-01192:** Guidance is found at <https://www.gpo.gov/fdsys/pkg/CFR-2013-title2-vol1/pdf/CFR-2013-title2-vol1.pdf>

**Merit-Based Review and Selection Process for Competitive Grants:** The Illinois State Board of Education (ISBE) is required to design and execute a merit-based review and selection process for applications. This process is incorporated by reference in all applicable funding opportunities. The full text of the ISBE merit-based review policy can be found at [https://www.isbe.net/Documents/Merit\\_Based\\_Review\\_Policy.pdf](https://www.isbe.net/Documents/Merit_Based_Review_Policy.pdf). Applicants are advised to refer to the policy document.

**Grant Award/Cost Sharing or Matching:** Total amount of funding available for Preschool for All is contingent on appropriation by the Illinois General Assembly. ISBE anticipates making individual grant awards depending on information included in the proposal. Awarded funding will reflect the cost of operating a program for a minimum of 165 student attendance days per year. Applicants should request funds to facilitate services to the most at-risk families.

As per the Illinois Administrative Code **Section 235.70 (c) Terms of the Grant:** Grantees shall use funds provided under the Early Childhood Block Grant *to supplement, not supplant, funds received from any other source.* (Sections 2-3.71 and 2-3.89 of the School Code)

Individual grant awards will vary depending on the needs addressed in the approved proposal and the total appropriation for the program.

Priority consideration shall be given to awardable proposals from entities that propose to offer services to children who reside in Tier 1 or Tier II district boundaries and that can document a local gap in service provision in their area i.e. an insufficient number of other programs and services to fully serve all children and families who potentially could be at risk. This would include communities with the highest need and least saturation. [FY 2019 EBF Distribution Quick Facts](#)

Proposals shall be separated into the following three funding categories:

- 1) Proposals serving children who are at-risk from entities that propose to offer services to children who reside in Tier 1 or Tier II district boundaries and can document a local gap in service provision in their area.
- 2) Proposals serving primarily children whose families meet income guidelines; and
- 3) All other proposals

Additional funding information can be found under Funding Information on page 9.

Proposals that score under 60 points will not be funded.

Proposals scoring over 60 points will be awarded in the following order:

All Tier 1 or 2 districts that demonstrate a need for an increase in capacity would be funded based on a rank order of their district adequacy level.

After all Tier 1 and 2 proposals have been funded, proposals from Tiers 3 and 4 would be considered based on the evidence of need and their score.

**Grant Period:** The grant period will begin no sooner than July 1, 2019 and will extend from the execution date of the grant until June 30, 2020. Funding in the (3) subsequent years will be contingent upon a sufficient appropriation for the program and satisfactory progress in the preceding grant period.

## **Program Description**

### **Program Purpose:**

#### **Early Childhood Care and Education Position Statement:**

The State Board of Education believes that the success of all Illinois children can be significantly enhanced when children participate in early childhood programs and services.

For the purposes of the Prevention Initiative, Preschool for All, and Preschool for All Expansion programs, early childhood is defined as the period in a child's life from birth through eight years of age. Appropriate early childhood programs, practices and services are defined as those which:

- are grounded upon research-based knowledge about child development;
- promote the child's emotional, physical, mental, and social well-being; and
- support and nurture families.

The Illinois State Board of Education (ISBE) is actively committed to develop, deliver, and support early childhood programs, practices, and services that will enable all children to be successful students and responsible citizens. ISBE believes the following commitments are essential in supporting the development of the whole child:

1. Emphasize the need for high quality early experiences that reflect research and knowledge on program quality and outcomes across the developmental period of birth through eight years.
2. Encourage Illinois public schools to create coherent early learning systems that minimize major transitions for children and provide stable, consistent educational experiences for young children ages three through eight years.
3. Make prekindergarten programs available for all Illinois children identified as at-risk and actively seek their participation. Support the provision of full-day prekindergarten for at-risk students who need additional educational experiences.
4. Support the availability of full-day kindergarten programs for all Illinois children.
5. Collaborate with families and relevant social service providers to provide early identification of and response to educational risk factors among children from birth through three years of age.
6. Collaborate with families, community organizations, child care organizations, Head Start, and other state agencies to meet the physical, mental, social, and emotional needs of young children, including their physical care and protection; share resources, services and accountability.
7. Emphasize the quality of instructional staff and leadership for early childhood programs in Illinois.

### **Program Description<sup>1</sup>:**

The ECBG – Preschool for All (PFA) program provides at least 12.5 hours weekly of high quality preschool, including comprehensive developmental screening, bachelors-level early childhood licensed teachers, and standards-aligned research-based curriculum to provide children with a foundation of knowledge and skills that allows them to be successful throughout their school experience. Specific requirements of implementing the Preschool for All Grant can be found within the [compliance checklist](#) and the [Illinois Administrative Code 235](#). Items 1-20 on

the compliance checklist are required of all programs administering the Preschool for All grant. More information on Preschool for All can be found at this link - <https://www.isbe.net/Pages/Preschool-For-All.aspx>.

The applicant must plan to serve a high number of children and families determined to be the most in need of the services provided by the Preschool for All program, as indicated by high levels of poverty, illiteracy, unemployment, limited-English proficiency or other need-related indicators, such as the school district's rate of dropouts, retention, truancy, teenage pregnancies and homeless students, high rates of infant mortality, birth trauma, low birth weight or prematurity, and high rates of child abuse and neglect. The program should be in a location where there is an insufficient number of other programs and services to fully serve all children and families who potentially could be at risk.

**Federal Description:**

Not applicable to this RFP.

**Program Background/History<sup>2</sup>:**

ISBE is committed to supporting early childhood education to ensure that all Illinois children develop a strong foundation for learning. Public Act 096-0948 amends Section 2-3.71 of the School Code (105 ILCS 5/2-3.71) to establish the Preschool for All program to be administered on a competitive basis. The Preschool for All program emphasizes the relationship among early childhood education, family education and involvement, and future success in school.

As adopted by the state's Early Learning Council, the vision for early childhood in Illinois is for every child to enter kindergarten safe, healthy, eager to learn, and ready to succeed. To achieve this vision, Illinois has prioritized equitable access, effectiveness of services, and sustainability and stability of services for the system as a whole. Illinois' goal is for 80% of all children to be fully ready for kindergarten by 2021.

The goal of the Preschool for All program is to provide educational services to all 3- to 5-year-old children for those families who choose to participate. More specifically, the Preschool for All program focuses on providing high- quality educational programs for children who are determined to be at risk.

The goals of the ECBG are to:

- Increase the percentage of children who begin kindergarten healthy, safe, eager to learn, and ready to succeed.
- Decrease disparities (racial, economic, geographic, etc.) in "readiness" at kindergarten entry, and in achievement by third grade.

In awarding Preschool for All grants, the Illinois State Board of Education shall address two legislatively mandated priorities:

- First priority in awarding grants must be given to applicants that propose to serve primarily children who have been identified as being at risk. A disproportionate share of all children considered to be at-risk come from low-income families, including low-income working families, homeless families, families where English is not the primary language spoken in the home, or families where one or both parents are teenagers or have not completed high

---

<sup>2</sup> Priority will be given to entities that propose to offer services to children who reside in Tier I or Tier II district boundaries and that can document a local gap in service provision in their area.

school. However, neither a child's membership in a certain group nor a child's family situation should determine whether that child is at-risk.

- Second priority in awarding grants must be given to applicants proposing to serve primarily children whose family's income is less than four times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services (HHS) under the authority of 42 U.S.C. 9902(2). For each child whose participation is based on the family income, the successful applicant must collect evidence of family income levels.

For the purpose of this RFP, "programs serving primarily at-risk children" are defined as those programs which<sup>3</sup>:

- Have 80 percent or more of the enrolled children identified as at-risk;
- Prioritize at-risk students over non-at-risk students when making enrollment decisions; and
- Have taken specific, proactive measures to ensure that families of potentially at-risk children in the community are aware of the opportunity for preschool education through the program.<sup>4</sup>

Applicants are encouraged to review related information found at the [Early Childhood Division website](#). These documents summarize activities and other considerations found in successful early childhood programs. The Illinois Early Childhood Asset Map (IECAM) website <http://iecam.illinois.edu/> can also be used to assist in finding data needed to complete their proposal. Specific data requests can also be made to IECAM through the website.

**Funding Information**

**Introduction<sup>7</sup>:**

**Funding Formula**

Individual grant awards are based on sufficient appropriation by the Illinois General Assembly. ISBE anticipates making individual grant awards with priority given to proposals from entities that propose to offer services to children who reside in Tier I or Tier II district boundaries and that can document a local gap in service provision in their area. Awarded funding will reflect the cost of operating a program for a minimum of 165 student attendance days per year. Applicants should request funds to facilitate services to the most at-risk families.

**Cost Sharing or Matching:**

Cost sharing or matching is not required for purposes of this grant.

**Indirect Cost Rate:**

The federal Uniform Guidance at 2 CFR 200 requires that grantees be provided the opportunity to seek indirect cost reimbursements based on negotiated indirect cost reimbursement rates. Rates are determined and applied as follows.

**LEAs**

- LEA indirect cost rates are developed in accordance with a delegation of authority agreement between ISBE and USDE. The plan includes both a restricted and unrestricted rate for each individual LEA. Both the restricted and unrestricted LEA rates are published annually on the ISBE website. The FY19 rates are available at: <https://www.isbe.net/Pages/Indirect-Cost-Rate-Plan.aspx>. In the past, only the restricted rate was allowed when budgeting indirect cost reimbursements.

---

<sup>6</sup> Priority consideration shall be given to awardable proposals from entities that propose to offer services to children who reside in Tier I or Tier II district boundaries and that can document a local gap in service provision in their area.

<sup>7</sup> Priority consideration shall be given to awardable proposals from entities that propose to offer services to children who reside in Tier I or Tier II district boundaries and that can document a local gap in service provision in their area.

LEAs have the ability to seek indirect cost reimbursement at the published unrestricted rate for any program other than those identified as restricted by USDE.

- Newly organized LEAs, Regional Offices of Education Intermediate Service Centers, area vocational centers, charter schools, university laboratory schools and governmental entities formed by a joint agreement among LEAs utilize either the statewide average of LEA unrestricted or restricted indirect rates as appropriate, depending on program.
- LEAs which jointly administer federal program(s) utilize either the approved unrestricted or restricted indirect cost rates for the administrative district of the joint program as appropriate, depending on program.

### Non-LEAs

- For programs eligible for an unrestricted indirect cost rate, not for profit entities, community/faith based organizations and other non-LEA, non-university sub grantees utilize rates negotiated through the GOMB centralized process where they will have the option to:
  - Select the 10% diminimus rate
  - Submit documentation supporting a rate determined through negotiation with their federal cognizant agency
  - Negotiate a rate.

Non-LEA, non-university grantees may initiate the unrestricted indirect cost rate negotiation process through the GATA grantee portal at: <https://grants.illinois.gov/portal/>.

- For federal programs requiring the use of a restricted indirect cost rate, not for profit entities, community/faith based organizations and other non-LEA sub grantees shall utilize the 8% default rate described at 34 CFR 76.564.
- Colleges and Universities will be limited to a maximum indirect cost rate of 8% or other indirect cost rate calculated by their cognizant federal agency, whichever is less, for grants administered by ISBE.

Costs associated with Fiscal Support Services (2520), Internal Support Services (2570), Staff Support Services (2640), Data Processing Services (2660) and Direction of Business Support Services (2510) charged to the Educational Fund are properly budgeted as indirect costs.

### **Funding Restrictions:**

Grantees shall use funds provided under the Early Childhood Block Grant to supplement, not supplant, funds received from any other source. (Sections 2-3.71 and 2-3.89 of the School Code)

Grant funds may not be used to provide religious instruction, conduct worship services or engage in any form of proselytization.

No funds may be used to help support or sustain any institution controlled by any church or sectarian denomination (see Article X, Section 3 of the Illinois Constitution).

### **Reporting Requirements**

The selection of the grantees will be based upon the overall quality of the application. The scoring is based upon the following criteria:

- Need is defined as the identification of stakeholders, facts, and evidence that demonstrate the proposal supports the grant program purpose. Priority consideration shall be given to awardable proposals from entities that propose to offer services to children who reside in Tier 1 or Tier II district boundaries and can document a local gap in service provision in their area
- Capacity is defined as the ability of an entity to execute the grant project according to the project requirements;
- Quality is defined as the totality of features and characteristics of a service, project, or product that indicate its ability to satisfy the requirements of the grant program;
- Applicant is located within a Tier 1 or Tier II district boundary and can document a local gap in service provision in their area.

Proposals that score under **60** points will not be funded.

### **Criteria:**

These overall criteria are built into the criteria below.
